

GRN AT “CLAME 2009”

(Málaga – Spain, 10-13 November, 2009)

By the Lord’s grace we could be present at CLAME 2009, an event whose purpose was to counsel together about the growing immigration in Europe, also from Muslim countries, and the real possibilities to evangelize and disciple between them. An important subject of analysis was the active participation of the Latino missionaries in the new context of Europe. Actually, the leadership of this event came from a mission organization which commends Latino believers into the mission field.

In CLAME 09 were present 180 believers from 27 nationalities (UK, Germany, The Netherlands, USA, Malaysia, México, Argentina, Uruguay, Colombia, etc.). There was good opportunity to present the GRN ministry to individuals and also before the whole group. Many of the present have received a sample of the CD’s in his/her language, and brochures of the office of GRN in their lands.

One Colombian brother who is living in London took with him a number of CD’s for his monthly “Bible Table”. Another brother from Perú, who works into the Arabic world, took also some samples of the CD’s. An Italian worker make an order for 100 CD’s for his ministry in a central square of the city of Milan. A Spanish brother has suggested the need to do some recordings in Asturian, a dialect spoken in North Spain, in which

there is no recording at present. A Venezuelan sister took also some CD’s and a flip-chart of Good News to her land, where a growing presence of Arabic people is taking place.

It was very interesting to contact there with missionaries and former missionaries who know the GRN ministry very well, and they were very pleased to see that this ministry is being promoted also from Spain.

After CLAME 09, we could visit Almería for discuss to Yousef some items about GRN Spain, and then to Granada, to left about 80 CD’s in different languages in the “Librería Bíblica” (“Bible Bookstore”) there.

Carlos Marulanda and Carlos Villamil (GRN SPAIN)
